Eric McDavid was arrested in Auburn, CA on January 13, 2006 as part of the government's ongoing Green Scare campaign. He now faces two decades in prison for a crime planned by an FBI informant.

Eric has been held in solitary confinement at the Sacramento County Main Jail since the day of his arrest. Eric was arrested along with Zachary Jenson and Lauren Weiner and all three were charged with "conspiracy to destroy property by means of fire or explosives."

The government's case is based on the word of a single FBI informant who was paid over \$75,000 to fabricate a crime and implicate the trio. Both of Eric's co-defendants have since caved under the threat of being imprisoned for 20 years and have pleaded guilty to a lesser charge. In doing so, they also agreed to testify against Eric and cooperate in every way possible, including testifying in front of secret grand jury proceedings. Eric has been repeatedly denied bail. For over a year, he has only been allowed to leave his cell for a few hours per week and receives very little contact with the outside world. He needs your support now more than ever, as his trial date is quickly approaching.

After more than a year of pretrial incarceration and the associated legal costs, Eric is preparing to go to trial and needs to raise funds to mount the best defense possible. To prepare for trial Eric must hire investigators and experts, as well as continue paying his attorney. This will cost thousands of dollars. Eric's family has shouldered all of the costs, and needs urgent help!
